Dear Mr. Petrie:

The Environmental Protection Agency has completed the review of the July 1, 2021, Department of Energy (DOE) Oak Ridge Office of Environmental Management Fiscal Year (FY) 2021 Federal Facility Agreement for the Oak Ridge Reservation, Appendix J, Section XVIII.B.1, Scoping Work Priorities.

In reviewing the submittal and the projects associated with the planning, the EPA has no concerns. However, it is understood that for the Oak Ridge National Laboratory and Y-12 projects, they will be identified when appropriate funding is available. The DOE should identify separate completion reports that reflect decommissioning/deactivations and demolition phases of these projects if separate documents will be submitted for each phase that will ultimately lead to demolition.

Thank you for the opportunity to provide feedback on this important planning effort. If you have any questions, please contact me at (404) 562-8551 or at Jones.Constance@epa.gov.

Sincerely,

Constance A. Jones
